Trading Basics

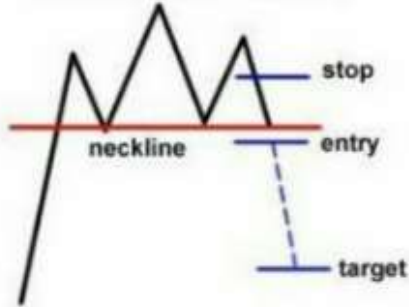

I separated the patterns from the video into reversal, continuation, and bilateral movements. Targets levels are also shown to help with prediction. These patterns play out over and over, and are a good way to begin getting involved in the markets and to learn how price moves.

Reversal Patterns

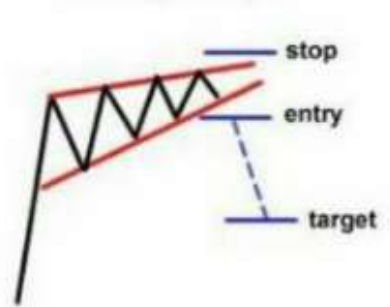

Double Top

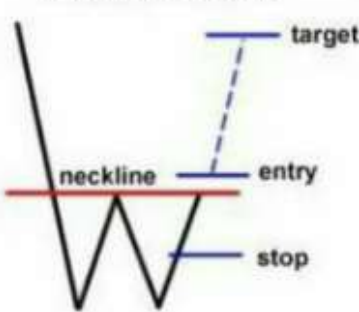

Head and Shoulders

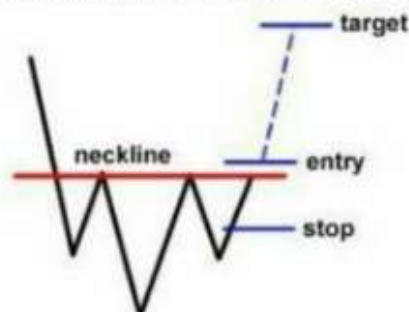

Rising Wedge

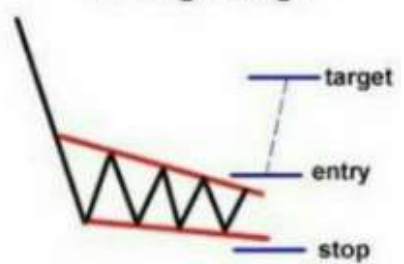

Double Bottom

Inverse Head and Shoulders

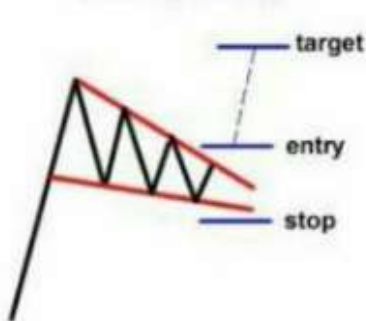

Falling Wedge

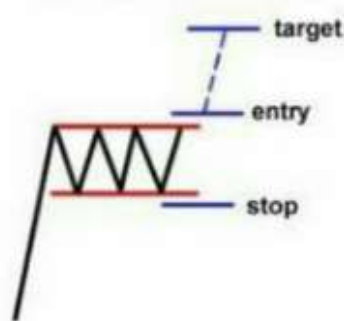

Continuation Patterns

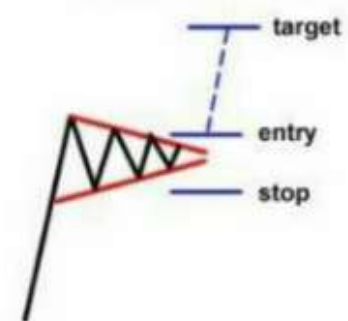

Falling Wedge

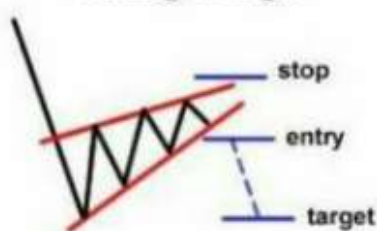

Bullish Rectangle

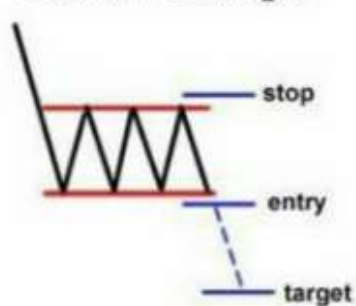

Bullish Pennant

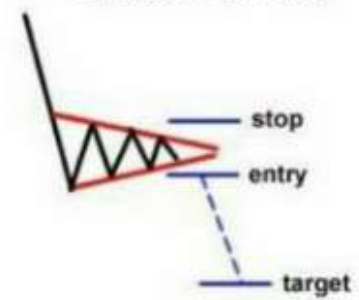

Rising Wedge

Bearish Rectangle

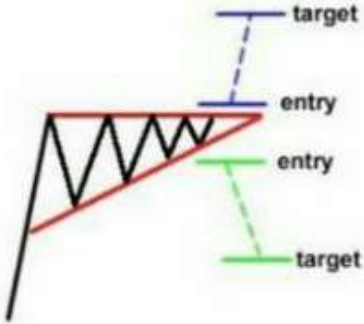

Bearish Pennant

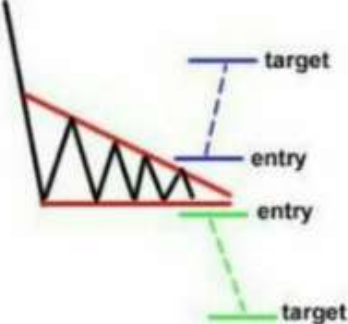

Bilateral Patterns

Ascending Triangle

Descending Triangle

Symmetrical Triangle
